Pursuant to Commission practice, the Restated Petition and the associated domestic and international applications for transfer of control of section 214 authority (WC Docket No. 22-256; ITC-T/C-20220705-00080) were referred to the relevant Executive Branch agencies for their views on any national security, law enforcement, foreign policy or trade policy concerns related to the foreign ownership of the Applicants. See Process Reform for Executive Branch Review of Certain FCC Applications and Petitions Involving Foreign Ownership, IB Docket 16-155, Report and Order, 35 FCC 10927 (2020). On March 21, 2023, the National Telecommunications and Information Administration, on behalf of the Committee for the Assessment of Foreign Participation in the United States Telecommunications Services Sector (Committee), filed a letter stating that the Committee has reviewed the Restated Petition and the applications and has no recommendation at this time to the Commission and no objection to the Commission granting the ruling. We note that the Executive Branch agencies considered the newly disclosed entities and revised ownership interests set forth in the Amendment prior to issuing its decision. The Committee reserves the right to review any resulting authorization in the future to identify any additional or new risks to U.S. national security or law enforcement interests. See Exec. Order No. 13913, § 6(a), 85 Fed. Reg. 19643, 19645 (2020).

Foreign Ownership Ruling. We find that the public interest would not be served by prohibiting foreign ownership of FH II in excess of the 25% benchmarks in section 310(b)(4) of the Act. We, therefore, grant the Restated Petition as amended subject to the conditions set out herein.

This ruling authorizes 100% aggregate foreign ownership of FH II, as the controlling U.S. parent of FiberLight, subject to the terms and conditions set forth in section 1.5004 of the Commission's rules, including the requirement to obtain Commission approval before indirect foreign ownership of FH II exceeds the terms and conditions of this ruling. 47 CFR § 1.5004. Specifically, pursuant to section 1.5001(i) of the Commission's rules, we grant Petitioners' request to permit the above-listed foreign entities and individuals to hold indirect equity and/or voting interests in FH II, the controlling U.S. parent, in the amounts specified above. Uninsulated individuals and entities that hold minority equity and voting interests in FH II with a deemed 100% voting interest in FH II in accordance with section 1.5002(b)(iii)(A) of the Commission's rules will continue to be deemed to hold a 100% voting interest in FH II. 47 CFR § 1.5002(b)(iii)(A). A finding that an entity or individual is "deemed" to have a 100% voting interest for purposes of determining compliance with section 310(b)(4) of the Act and section 1.5000(a)(1) et seq. of the Commission's rules does not indicate that the interest constitutes de jure control for purposes of compliance with section 310(d) of the Act.

In addition, pursuant to section 1.5001(k) of the Commission's rules, we grant Petitioners' request for advance approval for the above listed foreign entities and individuals to increase their interests up to and including an indirect non-controlling 49.99% equity and voting interests in FH II as the controlling U.S. parent of FiberLight. Further, pursuant to section 1.5001(k), we grant Petitioners' request for advance approval for the following foreign entities to increase their interests up to and including direct and/or indirect non-controlling 49.99% equity and 100% voting interests in FH II as the controlling U.S. parent of FiberLight: The Morrison & Co Infrastructure Partnership Master Fund SCSp; Morrison & Co Infrastructure Partnership GP S.à r.l; Morrison & Co IP Limited Partnership; H.R.L. Morrison & Co Group Limited Partnership; and H.R.L. Morrison & Co Group GP Limited.

Petitioners have an affirmative duty to monitor their foreign equity and voting interests, calculate these interests consistent with the attribution principles enunciated by the Commission, including the standards and criteria set forth in sections 1.5002 through 1.5003 of the Commission's rules, and otherwise ensure continuing compliance with the provisions of section 310(b) of the Act. 47 CFR §§ 1.5002-1.5003; 47 CFR § 1.5004, Note to paragraph (a). A failure to comply and/or remain in compliance with any of these requirements shall constitute a failure to meet a condition of this ruling and the underlying licenses and thus grounds for declaring them terminated without further action on the part of the Commission. Failure to meet a condition of this ruling may also result in monetary sanctions or other enforcement action by the Commission.

Grant of this declaratory ruling is without prejudice to the Commission's action on any other related pending application(s).

A carrier that acquires an affiliation with a foreign carrier will be subject to possible reclassification as a dominant carrier on an affiliated route pursuant to the provisions of section 63.10 of the rules.
